

# Pacific Vacation

## Villa Encantada

When the sun rises dramatically over the Sierra Madre mountains you'll find yourself surrounded by lush tropical forests with the turquoise waters of the Pacific in your "front yard". This luxurious 7,500 sq. ft. oceanfront home near Playa Contramar features five bedrooms, four of which have their own private terrace overlooking the sea. Each bedroom has its own bath.

There are two large living areas and an infinity pool overhanging the cliffs, with a gorgeous view of Zihuatanejo Bay and the Pacific Ocean. All rooms are air conditioned and fully furnished, including TV and linens. The villa is gated and has security.

Encantada was designed by renowned architect Enrique Zozaya and beautifully blends modern and traditional Mexican style architecture.

The villa's grounds are a tropical paradise. Our guests enjoy access to the facilities of the Villa Vera Puerto Mio Resort, including an onsite boat and captain for deep sea and inshore fishing. Many other activities are available in the Bay area for your enjoyment including scuba diving, parasailing, windsurfing, snorkeling and water skiing.

This property is located in Zihuatanejo, a ten minute drive from Ixtapa, Mexico.
